Oil and Gas Land Review and CPL and RPL Exam

March 20th-23rd, 2012

**Pittsburgh Airport Marriott Hotel
Pittsburgh, PA**

Course Covers:

- Real Property Law and Land Descriptions
- Contract Law
- Conveyancing
- Interest Calculations
- Oil and Gas Lease
- Ethics
- Pooling
- Joint Operating Agreement
- Well Trades
- Federal Leases and Units
- Environmental
- Offshore
- Mineral Landwork
- Federal Taxes on Oil and Gas Income

RPL Exams

- Wednesday, March 21st
- Friday, March 23rd

CPL and RPL Exam

- Friday, March 23rd

Oil and Gas Land Review and CPL and RPL Exam
Pittsburgh Airport Marriott Hotel
March 20-23, 2012

The American Association of Professional Landmen invites you to its Oil and Gas Land Review with CPL and RPL examinations, to be held at:

The Pittsburgh Airport Marriott Hotel
777 Aten Rd.
Coraopolis, Pennsylvania 15108

The CPL review will be presented from Tuesday, March 20th through Thursday, March 22nd, and the CPL exam will be offered on Friday, March 23rd.

The RPL review is included with the CPL review on Tuesday, March 20th and the RPL exam will be offered on Wednesday, March 21st as well as on Friday, March 23rd.

PROGRAM DESCRIPTION

The Oil and Gas Land Review is a fast-paced, intensive study of the topics covered by the CPL and RPL certification exams. Lectures will be interactive and enhanced with problem-solving sessions. It is highly acclaimed as a thorough land review and an excellent means of preparation for the CPL and RPL exams.

Day one of the review covers both CPL and RPL review material and days two and three cover CPL material only.

The CPL exam will be offered on Friday, March 23rd following the three-day review. The RPL exam will be offered on Wednesday, March 21st following the one-day review, as well as on Friday, March 23rd

You must be qualified to become a CPL or RPL in order to sit for the exam. Those interested in taking the exam should complete the attached questionnaire to verify if you are qualified. Those taking the exam should not rely solely upon the review

in preparing for the exam. To assist in preparing for the exam, AAPL will mail to each paid registrant a copy of the course reference volume and study guide, entitled *Oil and Gas Land Study Guide*.

Taking an exam prior to approval of your CPL or RPL application is permitted if you believe you are qualified, but it will have no bearing on the approval of your application. Taking the exam before approval of your application is at the risk and expense of otherwise not being approved.

The review is designed to cover both CPL and RPL material on Day 1, and additional CPL material on Days 2 and 3. RPL candidates may register for Day 1 only, and then sit for the exam, or they may register for the whole review. RPL candidates may sit for the exam on either Wednesday, March 21st or on Friday, March 23rd. Please indicate your choice on the registration form.

Each registrant should bring a basic hand-held calculator.

The registration fee for the full review for AAPL members is \$470, and for non-members \$570. The registration fee for the Day 1 review and RPL exam is \$300 (open to AAPL members only).

Oil and Gas Land Review and CPL and RPL Exam

(Subject to change)

Tuesday, March 20, 2012

- 9:30 RPL Exam Ends**
- 10:30 CPL Exam Book 1 Ends**
- 11:00 CPL Exam Book 2 Begins**
- 2:00 CPL Exam Book 2 Ends**

Exam takers must bring a basic hand-held calculator (*bring a spare and/or extra batteries*). AAPL will provide a reference booklet that contains the AAPL 675 Oil and Gas Lease, AAPL Joint Operating Agreements and a township plat. AAPL will also supply scratch paper. The RPL Exam covers Chapters 1 thru 5 and 14 of the Oil and Gas Land Reference Book. The CPL Exam covers the entire book.

Instructors

A. Frank Klam, CPL

Frank graduated from University of Texas with Honors with a degree in Petroleum Land Management in 1972. He started his career with Amoco Production Company and later worked for Anadarko Petroleum Corporation as a Division Landman for the Houston Onshore and Offshore Divisions, and as Vice President of Land for North Central Oil Corporation. He became an Independent in 1985, and now specializes in due diligence for producing property acquisitions.

Frank has been active in both the local and national landmen associations, serving as President of HAPL in 1981 and as Chairman of the Publications Committee for AAPL.

Frank has been married for 35 years and he and his wife, Carlee, have four children, and five grand children.

Owen Montgomery Barnhill, CPL

Owen M. Barnhill is a *Certified Professional Landman*. Barnhill attended Colorado School of Mines 1970-71(Baseball Scholarship) and graduated from the University of Oklahoma (Academic Scholarship) [BBA/PLM- 1974] and was the University of Oklahoma's Doug Conn Honor Graduate in 1974. Barnhill co- founded, in 1983, Barnhill *Management Inc. Co. and BARNHILL & BARNHILL* and has served as President and Co-owner of both of these privately held petroleum land management and mineral/royalty holding firms as well as Managing Trustee of The Barnhill Family Trusts. Prior to 1983, Mr. Barnhill served as a landman for Getty Oil Company, as well as Land Manager for Leede Exploration, Hunt Energy and Texas Oil & Gas Corp.

Mr. Barnhill is an active member of the American Association of Professional Landmen [AAPL] as well as the Oklahoma City Association of Professional Landmen [OCAPL]. Barnhill has served AAPL as the National Chairman of AAPL's National Ethics Committee for the 1991-1992, 2002-

2003, 2003-2004 and 2004-2005 terms. Barnhill is the current national assistant chairman of AAPL's National Ethics Committee and effective June 2011 will begin serving his fifth term as National Chairman of AAPL's National Ethics Committee. Barnhill has also served as a two-term Director to AAPL and Chaired the 1996-'97 Publications Committee as well as serving as Assistant Chairman of the National Fund Raising Committee in addition to being elected National Secretary of AAPL 1995-96 and served on the AAPL National Executive Committee. Mr. Barnhill was named AAPL's National Committee Member of the Year in 1991. Barnhill was named the 1997 Landman of the Year by The Oklahoma City Association of Professional Landmen and served as 1998-1999 President in addition to receiving the OCAPL "2006 Wm Majors Distinguished Service Award" in addition to twice being awarded special recognition for dedication and service to the Oil Industry and patriotism to the United States of America. Mr. Barnhill has also been named a "Who's Who" Among American Executives and Professionals for 2007-2008. Mr. Barnhill is a visiting professor/lecturer of Energy Management at the *University of Tulsa*. Mr. Barnhill also serves as an Instructor for AAPL's Certified Professional Landman Review/Course/Test and previously as an AAPL Instructor for AAPL's Landman Basic Course and is a national lecturer for AAPL and OCAPL as well as numerous other affiliated industry professional association as to well trades, ethics, standards of practice, oil and gas industry trade agreements ,etc.

Barnhill is a retired full Colonel, USAR, and FA. Colonel Barnhill was the Distinguished Military Graduate from the University of Oklahoma in 1974 and served in the United States Army and Active Army Reserve Forces. Colonel Barnhill is a graduate of the United States Military Air War College. Among Colonel Barnhill's awards are the DOD Meritorious Service, Joint Service Commendation Medal, Joint Service Achievement Medal and the Exceptional Service Medal [Silver w/ 2 Oak Leaf Clusters]. Following retirement from the US Army Reserve Forces, via Presidential Appointment, Colonel Barnhill was named

as The State Director of the Selective Service System in the State of Oklahoma.

Barnhill and his wife Marcia reside in Oklahoma City, Oklahoma have a daughter, Mandi, and a son Joey.

Richard A. Rosprim, CPL

Richard, now retired from AAPL's Director of Education position, received his PLM degree from the University of Texas in 1968 and a MS in City Planning in 1979. He began his land career with Phillips Petroleum Company and worked in their minerals division for almost ten years. He joined The Superior Oil Company in 1980 in Denver and was merged into Mobil and then Exxon. He retired from ExxonMobil in 1997.

He and his wife are avid challenge level square dancers and take every opportunity they can to travel to dances.

Course Objectives

The primary purpose of the Oil and Gas Land Review course is to prepare each landman for the CPL or RPL exam. The course covers many of the areas (*although not all*) that a landman might become involved with over a career. It is primarily a review, and those taking the exam should not rely solely upon the review in preparing for the exam.

The course is also a great opportunity for anyone interested in a review of these materials. We receive many comments from attendees that they learned a lot from the course and remembered things long forgotten.

The first five sections plus ethics are part of the RPL Review. The entire course is part of the CPL Review.

This is a two-and-a-half-day course, with approximately eighteen hours of class lecture. Attendees will be provided a bound workbook containing course materials

Real Property Law

The review begins with a thorough discussion of the types of property, various

methods of acquiring title, the types of deeds and the attributes of warranty and special warranty deeds, the types of ownership and important differences, including life estates and remaindermen. This section also includes a review of the requirements to record documents and the various recording statutes. The section concludes with a brief discussion of the primary real property law differences between Louisiana and other states.

Land Descriptions

This section discusses the three primary types of US land descriptions: Rectangular Survey (*Township-Range*), Metes and Bounds (*and how to plat*), and the various Texas land descriptions.

Contract Law

The discussion on Contract Law will cover the basic elements of a contract, the types of contracts, requirements of a valid contract and the penalty for breach, offers and termination of offers, the legal capacity to enter into a contract, and the impact of fraud and misrepresentation in negotiating a contract (*oil and gas lease*).

Conveyancing

How do we know who has the authority to lease and who has the right to receive royalties from production? This section will cover determination of mineral and royalty ownership, and includes a discussion of the "Duhig Rule" used in interpreting conveyances. A number of hands-on problems help solidify the material presented.

Interest Calculations

Throughout the Review, we will discuss and illustrate through problems the calculation of mineral interest, net revenue interest, before and after pay-out interest, working and interest units.

Oil and Gas Lease

Starting with a review of the history of the oil and gas lease, and the implied covenants of under the lease, this section continues to a complete review of each major clause of a typical oil and gas lease. The section is concluded with a series of questions that address most lease maintenance questions.

A fully “marked-up” lease is included for easy reading and interpretation.

Pooling

A general overview of the various aspects of pooling and unitization are discussed. When we speak of “pooling” and “unitization”, we are talking about the processes of combining oil and gas leases and the merging of both royalty and working interests into units, thereby erasing the boundary lines that exist between the leases and interests. Numerous examples of problem situations are discussed.

Joint Operating Agreement

What is the purpose of the JOA? When is it used? What does it do? These questions and a review of the 1982 and 1989 AAPL Model Form JOA will be covered to prepare those sitting for the exam and give a good refresher for others.

Well Trades

Why do we do well trades? What is involved in making a deal? What are some of the more common types of trades? How can I calculate my working interest in a deal? These questions will be discussed in detail.

Federal Onshore Leases and Federal Exploratory Units

Approximately one-third of the mineral ownership of the US is owned by the federal government. These interests are managed by the Bureau of Land Management. While the majority of federal lands are in the western states, there are also federal lands in most of the other states. This discussion will cover how federal on-shore leases are granted, the leasing process, and the process for forming federal exploratory units.

Environmental

This section covers a brief overview of the US environmental legislation and how it impacts the oil and gas industry. Most of the focus is on federal laws regulating the disposal of hazardous waste and the cleanup of sites contaminated by hazardous substances. The discussion also covers the purpose and contents of an environmental site assessment.

Offshore / Outer Continental Shelf

The federal government owns approximately 1.75 billion acres in the outer continental shelf area of the United States. This area contains a large percentage of US oil and gas reserves. This section will review the basics of management of these minerals by the Minerals Management Service and how leases are issued and managed.

Mineral Landwork

Most landmen may never become involved with mining and the US mining laws, but a general understanding of this area of landwork is important for the CPL. We present a brief overview of the Mining Law of 1872 and how to acquire mineral rights to US Public Domain lands.

Federal Taxes on Oil and Gas Income

This section takes a brief look at federal taxation of oil and gas income and includes a discussion on depletion, expensed items, capitalized items, and intangible drilling costs. The focus is on developing a broad understanding of this area.

Ethics

This section covers the AAPL Code of Ethics and Standards of Practice which are the basis of conduct, business principles, and ideals for all AAPL members. Since there are no licensing requirements for landmen and since membership in AAPL is voluntary, these ethical standards are a key element of AAPL membership and being a professional landman.

Information on the requirements for CPL and RPL are included below.

Continuing Education Credits

By attending the entire course, RPLs and CPLs will earn 18 education credits, including one ethics and one ESA credit. Attorneys taking the review must notify AAPL at the time of application if requesting CLE credits.

There is no longer an option to sit for the CPL exam to satisfy additional continuing education credits.

EXAMINATIONS

You may take the exam prior to approval of your CPL or RPL application, but only if you qualify based on the questionnaire below. The results of your exam will have no bearing on the approval of your application. Each applicant is responsible for ascertaining their qualifications (*via education/experience*) for becoming a CPL or a RPL. See the questionnaire below for requirements, or visit the AAPL website at www.landman.org for information about the requirements and an application form.

CPL Examination

The CPL exam is offered on Friday, March 23, 2012. The exam covers all chapters of the course material. The CPL Exam is a comprehensive test of the skills and knowledge required of a landman with seven or more years of experience. The review and the book cover most of the material on the exam but the prospective CPL is expected to bring experience and skills to the table.

RPL Examination

The RPL exam is offered on either Wednesday, March 21 or Friday, March 23. The RPL Exam covers the course material in Chapters 1, 2, 3, 4, 5, and 14.

The RPL exam is a comprehensive test of the skills and knowledge required of a landman with three or more years of experience. The review and the book cover most of the material on the exam but the prospective RPL is expected to possess basic land skills.

CPL and RPL Examination Results

Results of the exam are not disclosed until the CPL or RPL application has been completed and approved by the AAPL Certification Chairman.

Contact AAPL at (817) 847-7700 if you have questions about the course or the CPL/RPL Programs.

GENERAL INFORMATION

CPL/ RPL/RL CE CREDITS

This course has been accredited by AAPL for 18 CPL/RPL/RL CE credits, including one ethics and one ESA.

The exam may not be re-taken to satisfy the continuing education requirements.

DRESS AND EQUIPMENT

Casual business attire is required. A calculator will be needed for each day of class and during the examination.

HOW TO REGISTER

Registration is available online for both AAPL members and non-members. You may also complete the registration page below and return it per the instructions on the form.

Registration will not be accepted without payment. Space is limited to the **first 75 paid** participants.

REGISTRATION FEES

CPL/ RPL Review-Exam

AAPL Members: \$470
Non-members: \$570

RPL Review and Exam (Day 1 only)

AAPL Members: \$300

PLM/ERM students who are AAPL members may attend at no charge, but they **MUST** register prior to the advanced registration deadline to avoid the \$50 late fee.

NOTE: Only AAPL members are eligible to sit for the CPL and RPL exams.

Late Registrations

A \$50 late fee will be assessed for all registrations received at AAPL headquarters after **Tuesday, March 6, 2012**.

Tuition Assistance

The AAPL Education Foundation has established a new tuition assistance program that will pay the registration fee for any AAPL member who desires to attend an AAPL operated educational event but cannot do so due to financial limitations. To

receive assistance, an AAPL member must submit a written request for assistance along with the event registration form. The request must indicate the reason that assistance is needed, the years of AAPL membership (*minimum two years*), and list all other programs for which tuition assistance was approved (*maximum of two events per year*). The names of registrants requesting financial assistance will remain confidential.

Tuition assistance is available for all AAPL operated education programs except the annual meeting. This includes all AAPL Institutes, Seminars, Workshops, and Oil and Gas Land Reviews (*CPL/RPL*) and exam. Assistance for these programs is limited to two per year. Assistance is also available for all AAPL on-line programs with no limit to the programs watched. Home study programs are eligible for a reduced rate of \$25 per courses with a limit of five courses per year.

Transfers and Cancellations

All requests for transfers and cancellations must be made in writing, and all must be made **before the deadline shown below**.

Individuals may transfer their registration to another individual for this event at no additional charge. Transfers to another AAPL event may be made for \$25 if made prior to the deadline shown below. After that date, no transfers will be accepted.

Registrations may be cancelled for a refund, less a \$25 administration fee, if made prior to the deadline shown below. After that date, no refunds will be granted. Registrants not entitled to a refund will receive a copy of the written materials.

AAPL retains cancellation rights. In the unlikely event of cancellation, AAPL will attempt to notify all pre-registrants.

The deadline for transfers and cancellations is 3:00 p.m. on Tuesday, March 6, 2012. After that date, the CPL registration fees are \$520 for AAPL members, and \$620 for non-members. The RPL Review (Day 1 ONLY) registration fee is \$350 for AAPL members.

Special Needs: If you have special needs addressed by the ADA, please notify us at least two weeks before the program.

ARE YOU QUALIFIED TO BECOME A CPL?

Before completing the CPL Application, complete this questionnaire to determine if you meet the MINIMUM qualifications to apply for CPL status. Answer the following questions by marking each space with the appropriate number. Total your responses to see if you meet the requirements. In addition you MUST be a member of AAPL.

A. Experience as a “Landman”

(Article IIIA of Application) **Note: Do NOT count time in this section and in section B Other Land Experience.**

“Landman”, as defined in Article II Requirements of Certification of the Certification Program which can be found in the “Landmen’s Directory”, is a person who has been primarily engaged in the performance of:

- Negotiations for acquisition or divestiture of mineral rights; and/or
- Negotiation of business agreements that provide for the exploration for and/or the development of minerals.

Total Years of Experience as a “Landman” **A** _____
(Full-time, actively engaged)
(MINIMUM of 2 required to be CPL, including the immediate past 2 years)

B. Other Land experience (NOT counted in “A” above)

(Article IIIB of Application) **NOTE: Do NOT double count time otherwise included in A above.**

Enter the number of years you have been primarily engaged in the performance of the following:

- Determining ownership in minerals through the research of public records;
- Reviewing the status of title, curing title defects and otherwise reducing title risk associated with ownership of interests in minerals;
- The management of rights and/or obligations derived from ownership of interest in minerals; and/or
- The unitization or pooling of interests in minerals.

Total “credit years” for Land Work not involving **Total years** _____ **X 50% = B** _____
negotiations as defined in “A” above
(1/2 “credit year” for each full year worked)
(MAXIMUM of 3 can count as credit)

- **Do NOT double count the time.**
If time is accounted for in “A”, it cannot be counted in “B”.

C. Education (College Degree REQUIRED)

- A bachelor’s degree from an AAPL accredited university or college, enter “3”; _____
- A bachelor’s degree in natural resources or venture management from an AAPL accredited university or college, enter “1”; _____
- A degree from an accredited law school, enter “1”; _____
 - An advanced degree in business or certain other selected programs approved by AAPL, enter “1”; _____

Total Education credits **C** _____

(MINIMUM of 3 and MAXIMUM of 5 can count as credit)
Total credit years (Total A, B, C) _____

Note: College degree required for all applicants.

If the total of A, B, and C is 10 or greater, you are ELIGIBLE to apply for CPL

ARE YOU QUALIFIED TO BECOME A RPL?

There are two scenarios that can apply when determining if you're eligible to obtain the RPL designation:

1. Applying **without** a 4-year Bachelors, Graduate, or Law Degree
2. Applying **with** a 4-year Bachelors, Graduate, and/or Law Degree(s)

1. Applying without a 4-year Bachelors, Graduate, or Law Degree

Before completing the RPL Application, complete this questionnaire to determine if you meet the MINIMUM qualifications to apply for RPL status. Answer the following questions by marking each space with the appropriate number. Total your responses to see if you meet the requirements.

A. Experience as a "Landman"

(Article IIIA of Application) **Note: Do NOT count time in this section and in section B Other Land Experience.**

"Landman", as defined in Article II Requirements of Certification of the Certification Program which can be found in the "Landmen's Directory", is a person who has been primarily engaged in the performance of:

- Negotiations for acquisition or divestiture of mineral rights; and/or
- Negotiation of business agreements that provide for the exploration for and/or the development of minerals.

Total Years of Experience as a "Landman" A _____

(Full-time, actively engaged)

(MINIMUM of 4 required to be a RPL, including the immediate past 4 years)

B. Other Land experience

(Article IIIB of Application) **NOTE: Do NOT double count time otherwise included in A above.**

Enter the number of years you have been primarily engaged in the performance of the following:

- Determining ownership in minerals through the research of public records;
- Reviewing the status of title, curing title defects and otherwise reducing title risk associated with ownership of interests in minerals;
- The management of rights and/or obligations derived from ownership of interest in minerals; and/or
- The unitization or pooling of interests in minerals.

Total "credit years" for Land Work not involving negotiations as defined in "A" above **Total years** _____ **X 50% =** **B** _____

(1/2 "credit year" for each full year worked) (Minimum of 1.0 can count as credit)

If the total of A and B are 5 credit years or greater, you are ELIGIBLE to apply for RPL

ARE YOU QUALIFIED TO BECOME A RPL?

2. Applying with a 4-year Bachelors, Graduate, and/or Law Degree(s)

Before completing the RPL Application, complete this questionnaire to determine if you meet the MINIMUM qualifications to apply for RPL status. Answer the following questions by marking each space with the appropriate number. Total your responses to see if you meet the requirements.

A. Experience as a “Landman”

(Article IIIA of Application) **Note: Do NOT count time in this section and in section B Other Land Experience.**

“Landman”, as defined in Article II Requirements of Certification of the Certification Program which can be found in the “Landmen’s Directory”, is a person who has been primarily engaged in the performance of:

- Negotiations for acquisition or divestiture of mineral rights; and/or
- Negotiation of business agreements that provide for the exploration for and/or the development of minerals.

Total Years of Experience as a “Landman” A _____
(Full-time, actively engaged)
(MINIMUM of 2 required to be a RPL, including the immediate past 2 years)

B. Other Land experience

(Article IIIB of Application) **NOTE: Do NOT double count time otherwise included in A above.**

Enter the number of years you have been primarily engaged in the performance of the following:

- Determining ownership in minerals through the research of public records;
- Reviewing the status of title, curing title defects and otherwise reducing title risk associated with ownership of interests in minerals;
- The management of rights and/or obligations derived from ownership of interest in minerals; and/or
- The unitization or pooling of interests in minerals.

Total “credit years” for Land Work not involving
negotiations as defined in “A” above **Total years _____ X 50% =** **B _____**
(1/2 “credit year” for each full year worked) (MAXIMUM of 3.0 can count as credit)

C. Education (Not required for RPL eligibility but counts towards requirements)

(Article II of Application)

- A bachelor’s degree from an AAPL accredited university or college, enter “1.5”; _____
- A bachelor’s degree in natural resources or venture management from an AAPL accredited university or college, enter “0.5”; _____

- A degree from an accredited law school, enter “0.5”; _____
- An advanced degree in business or certain other selected programs approved by AAPL, enter “0.5”; _____

Total Education credits (Maximum of 3 credits) C _____

Total credit years (Total A, B, C) _____

If the total of A, B, and C are 5 credit years or greater, you are ELIGIBLE to apply for RPL
