LETTER FROM THE PRESIDENT

THE PATH FORWARD

It's about that time. The MLBC fiscal year is winding down and a new slate of executive committee officers are about to take the reins come July 1st. As I contemplated my exit, stage left, as president of the MLBC, I couldn't help but take a moment to reflect on the journey that led me here. I asked myself, "Was it worth it? Would I do it all over again?" Instantly, Napoleon Dynamite popped up in my mind, saying: "HECK YES I WOULD!"

Why? Well, sure, it was a lot of work over the years, but there's no doubt in my mind it was worth it – and then some. The knowledge I've gained, the contacts I've made, the network of colleagues I'm thankful to be part of, my development as a professional - all of it came from my involvement in the MLBC. As I mentioned in my first article as president, that adds value to you as an employee and as a professional. On top of that, I had a great time along the way and made many fond memories I'll never forget. Without a doubt, I can say it's added a great deal, not only to my professional career, but to me as a person. I highly recommend it to anyone wanting to grow and learn. So, why not get involved yourself?

I know what you're thinking. Maybe you're not sure if you have the time. Maybe you're not sure how to get started. Maybe you're not sure what you'd even do. Well, let me make it easy for you: The best way to get involved is to join a committee. Which one? Here's a list of active MLBC committees and what you would be able to do:

- **Education Committee:** Assist with determining education topics, selecting and recruiting speakers, communicating with AAPL and state bars to obtain education credits, and providing input on event venues.
- **Sponsorship Committee:** Assist with planning sponsorship opportunities and determining sponsor benefits. Assist in obtaining sponsorships for the events by reaching out to companies, contacts, and other organizations. This is a great opportunity to make contact with decision-makers across the entire industry.

MLBC PRESIDENT, JUSTIN NIXON

- **Clay Shoot Committee:** Assist with organizing charity clay shoots benefitting children's hospitals, the veteran's law clinic, and other good causes. Have a say in which charity benefits and where the shoots occur. Assist with obtaining sponsorships, selecting and obtaining door/raffle prizes, and organizing the events. And, don't forget to shoot some clays!
- **Marketing Committee:** Assist with managing MLBC social media content. Come up with new ways to advertise the organization and its events. This is a great opportunity to be creative and flex your marketing skills.
- **Newsletter Committee:** Assist with determining the content and layout of the quarterly newsletter. Reach out to contributors. Come up with new ideas. Another great opportunity to be creative.
- **Spring/Fall Golf Committees:** Like to golf? Get in on the action – help determine golf outing locations, obtain hole sponsors, select prizes, and decide on vendors. Come up with new game ideas.
- **Technology Committee:** Work with the website vendor to organize and maintain the website. Suggest new processes and implement new tech into every aspect of our organization and its events. Make recommendations regarding audio/video at events. Prepare digital content.

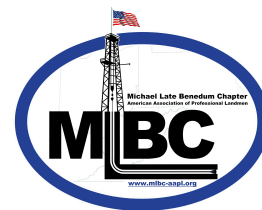

Continued

- Legislative Committee: Assist with researching and keeping the organization updated on legal topics affecting our industry. Suggest topics to include in the quarterly newsletter. Work with the education committee to select current topics for educational events.
- Women of the MLBC (WOMLBC) Committee: Engage with like-minded industry professionals to learn, grow, and promote inclusion within the industry.
- Membership Committee: Organize and maintain active, associate, student, past-president, and honorary member rolls. Facilitate the approval and activation of new members. Suggest new ideas for recruitment.
- Awards Committee: Become a voting member of the committee that recommends recipients for the Landman of the Year Award, the J. W. Findley Lifetime Achievement Award, Friend of the MLBC Award, and others. Select award prizes and assist with the awards reception held annually.

I hope you'll consider joining one of the committees. Each role leads, potentially, to a position on the executive committee where all the decisions are made. Give it a shot. I think you'll find the rewards are worth every bit of the effort and you'll have a great time along the way. I promise you won't regret it!

Stay safe, work hard, and don't be a stranger.

-Justin

Good.

AAPL SCORES BIG WIN FOR MEMBERS WITH PASSAGE OF OUR SPONSORED TEXAS LANDMAN BILL

On May 24, Texas Gov. Greg Abbott signed AAPL-sponsored landman bill, [SB 604](#), into law. The bill amends the existing state code to harmonize the AAPL definitions and descriptions of a landman, landwork and land professional within the state code to better reflect the full breadth, scope and types of work performed by landmen in Texas.

These amendments ensure AAPL members receive the same employment treatment, tax benefits and unauthorized practice of law protections for work performed in renewables and other energy sources, in addition to the existing protections for AAPL members working in oil and gas.

Specifically, SB 604 provides three key areas of benefits and protections for AAPL members performing landwork in Texas to adopt the official AAPL definitions and expand the types of energy sources in which our members either now work, or may in the future, to include the broadly defined “other energy sources” that applies to renewables, geothermal, hydrogen and even other yet unknown sources.

The three key areas provided by SB 604 are: (1) Unauthorized Practice of Law protection. In Texas, landmen are already protected from unauthorized practice of law penalties but our bill expands those protections to the full scope and breadth of work performed by landmen; (2) Independent Contractor Status. In Texas, landmen who meet specified criteria may be recognized as independent contractors, and with that the full protections the law affords. Our bill also expands those protections and ensures they apply to the full range of services performed in all energy sources; and (3) Landman Carve Out for the Franchise/Margin Tax. In Texas, landmen are provided with a franchise/margin tax exemption. Our bill ensures the exemption applies to the full scope of work performed.

This bill's passage is even more impressive because ordinarily only a few introduced bills in Texas are signed into law. For perspective, in the last Texas legislative session (2021), only about 15% of bills introduced were ever enacted — so this is a huge victory for AAPL and members like you!

SB 604 takes effect immediately, except for the tax provision, effective on Jan. 1, 2024.

ADVOCACY & LEGAL

AAPL is committed to addressing critical legislative, regulatory and judicial issues that shape public policy in the federal, state and local spheres and directly affect landwork and land professionals.

Advocacy services include, but are not limited to:

- Employee Misclassification/Tax Issues
- Unauthorized Practice of Law Issues
- Federal Rule-Making Issues
- Amicus Legal Brief Preparation
- Legislation to Benefit Landmen

Services also include member access to the AAPL Governmental Affairs Reports, which keep members in the know on important government relations issues.

AAPL ADVOCACY & LEGAL

STRENGTH IN NUMBERS

Close to 12,000 land professionals regard AAPL as a valuable career resource and tireless advocate for their interests. We cannot champion these legislative feats without the backing of skilled and ethical landmen like you. Thank you for your membership!

In addition to legislative advocacy, we're committed to serving you through education, industry publications, networking opportunities, professional certification and much more. Renew your membership by June 30 to unlock your benefits until June 30, 2024, and help us continue to build essential community for land professionals.

SCHOLARSHIP WINNERS

Congratulations

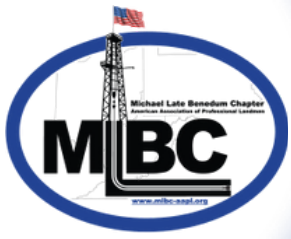

Rob Greiner, left, presents Duncan Troy from the WVU ELM program a \$5,000 scholarship.

Daniel Cooper, right, presents Jason Ferola from the WVU ELM program a \$2,000 scholarship.

Rob Greiner, left presents Bailey Miller, from the Marietta College ELM program a \$5,000 scholarship.

MLBC AWARD WINNERS

Congratulations

Aaron Yost, left and Patrick McQuiggan, right present Asa Bowers with the **J.W. Findley Lifetime Achievement Award**.

[Watch the video here.](#)

Christa Dotson, left and Patrick McQuiggan, right, present Britney Crookshanks with the **Landman of the Year Award**.

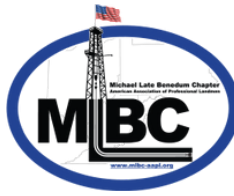

[Watch the video here.](#)

Patrick McQuiggan presents Ten Mile Land with the **Friend of the MLBC Award**

Justin Nixon accepts the **Best Member Communication Award** from Patrick McQuiggan.

Member Spotlight: Matt White

Tell us a little about yourself.

I am from Elkins, WV. Graduated in 2002 and attended West Virginia University. I served 9 years in the West Virginia Army National Guard and deployed as an infantryman to Iraq in 2004-2005 to serve in Operation Iraqi Freedom. I graduated Summa Cum Laude from WVU in 2009 with a bachelor's degree in history and enrolled in WVU College of Law, which I graduated in 2012. I then began working as an abstractor at Steptoe & Johnson, PLLC and worked my way up to a Member of the firm in 2021. I am married to my beautiful wife, Stephanie, and I have 2 wonderful daughters, Kayleigh and Ashlynn.

Who are you currently employed or contracted with?

I am a Member at Steptoe & Johnson, PLLC.

How long have you worked in the oil and gas industry? And what states do you have experience? And tell us about any other land organization you belong.

I have worked in the industry since 2012 when I graduated law school. I am licensed in the state of West Virginia, which is my primary focus; however, I have done work in many other states under the supervision of other attorneys licensed in those states, being primarily Ohio, Pennsylvania, and Virginia to name a few.

Tell us about your first position in the industry.

I was a contract abstractor at a company named O&G Researching Services. They helped train me, but I transitioned to Steptoe & Johnson within a month or two based upon an arrangement that they had with the company to train attorneys how to abstract title. I have been with S&J ever since.

What areas of the industry do you have experience in?

My primary expertise is drafting certified title opinions and managing large scale title and due diligence projects with my colleagues at S&J. I also assist energy clients with general legal assistance such as contract review, contract drafting and provide general legal advice to their land and contract teams.

Do you have a mentor in the industry? Can you provide details?

While I have many that I consider to be mentors, I think the top of the list would have to be my friend and fellow Member in our Morgantown office, Ben McKinney. While being one of the hardest working and brilliant attorneys I have ever met, he also took the time to really train me and help me learn while I was a young lawyer trying to figure it all out. Over the years we established an excellent working relationship, and he has not only served as an excellent mentor, he has also become one of my best friends throughout the process. He is the one that talked me into joining the MLBC and getting involved in the organization. Just one of many examples in which he pointed me in the right direction.

How long have you been a member of the MLBC. Do you currently have any certifications through the AAPL?

I have been a member of the MLBC since 2015. I do not have any AAPL certifications.

What benefits have you found as a member of the MLBC? What are your favorite aspects?

Without out a doubt the connections to the people. Like many industry organizations, the initial goal is to get involved in an organization to market and try to progress in your career. However, that goal changed pretty quickly for me in the MLBC because it became more about getting to know the folks that I met through the organization. I have gotten to know some great folks on a personal basis through the MLBC and that has made the career goals a natural result of making those personal connections.

Do you serve the MLBC, AAPL, or any other organizations in an executive capacity and/or serve as a committee chair? Are you a member of any committees?

I currently serve as the Membership Chair of the MLBC.

SUPPORTING THE APPALACHIAN BASIN SINCE 2004

Build a Partnership for Repeatable Success

We're committed to delivering energy through land in Appalachia. We care about the resources, people, and companies that work and live in this great region. For over 40 years, we've helped our clients achieve results with repeatable processes, responsive project managers, and innovative technology.

Our Services

OIL & GAS | RENEWABLES | MIDSTREAM | UTILITIES

Due Diligence

Secure desirable assets with efficient, accurate due diligence done by regional experts.

Title Exam & Curative

Record title examination, preparation of title ownership reports and curative for title defects

GIS

Get a clear, visual report of all of the data we've collected about your land, from leases to laterals.

Leasing

Confidential negotiation & acquisition of mineral, renewable & linear leases & agreements

In-House Staffing

Get help building out an in-house team, including landmen, for synergy across projects.

Surface Land

Negotiate, acquire, and manage surface use contracts & owner compensation.

Right of Way

ROW analysis, site feasibility, negotiation & acquisition for energy, utilities, & municipalities.

MEMBERSHIP INFORMATION

The MLBC membership application is located on the website at www.mlbc-aapl.org. Please check your information on the website prior to submitting your renewal. The [MLBC website](http://www.mlbc-aapl.org) has an updated version of the membership listing. Please use this resource if you cannot find yours or others information in the directory. Please report any errors or omissions to Abby Veigel at abbyveigel@mlbc-aapl.org.

Application for membership in the Association shall be subject to the approval by a majority vote of the Executive Committee at a regularly scheduled meeting and shall require the signed approval by the acting President of the Executive Committee, as evidence of the Committee's approval.

Notice of the approved application(s) of all potential Association member(s) shall be printed in the next regularly scheduled publication of the Association. Members shall have the opportunity for a period of thirty (30) days following the publication to object to the potential member's application.
